Summer Visits

Summer is a great time to sit down and discuss many topics, from reviewing your analysis to beginning some early tax planning with your consultant. If you participate in the analysis program, there is no additional fee for a summer visit. During this time we can work on benchmarking your operation, reviewing your 2025 books, tax planning, and discussing other things that may be on your mind.

If you don't currently participate in the analysis program, you can still request a summer visit but there will likely be an additional charge depending on the length of the visit. This time can also be spent discussing bigger issues such as entity planning, retirement, or transition planning.

Summer is also a great time to review your accounting records and get help with reconciling loans. Give us a call. We would be happy to go over your records with you.

Accounting Options

We would like to give you the opportunity to save you some time and money with one of our services. NFBI can process and reconcile your accounts for you. You can email copies of your bank & loan statements directly to us at **accounting@nfbi.net** or you can upload your statements directly to Karbon through your Client Portal. You will need to notify us so we can assign staff to your work and set up your work for you to attach your documents to. At the end of the year, you will receive reports with a summary of your accounts. As always, you can continue to mail your documents to us.

Form 2290

NFBI can e-file your 2290 Heavy Highway Use form AND get an IRS stamped Schedule 1 for you. All we need from you is a signed copy of the 8879-EX, stating that you give us permission to e-file your 2290 return. Contact **Brandon (brandon@nfbi.net) or Andrew (Andrew@nfbi.net)** with questions.

Who needs to file the 2290?

- Anyone who drives a vehicle that has a gross weight of 55,000 lbs. or more over public roads— no matter if it is licensed to you or in a LLC, Corporation, Partnership or held by another entity.

If NFBI has filed your 2290 in the past, please send:

- Any information that has changed since last year
  - ◊ Bought or sold trucks and their VIN;
  - ◊ Any information that has changed since last year.

- **Please communicate with our office if you would like us to file your 2290 again. We will NOT automatically process without your acknowledgement.**

If you would like NFBI to file your 2290 for the first time, please let us know. We will need:

- Your EIN Number. Don't have one? We can get one for you;
- VIN Number(s) for your truck(s);
- Whether or not your trucks are suspended ;
- If you drive your truck 7,500 miles or less for agriculture (5,000 miles or less for commercial use) during the tax period, you get to claim suspension.

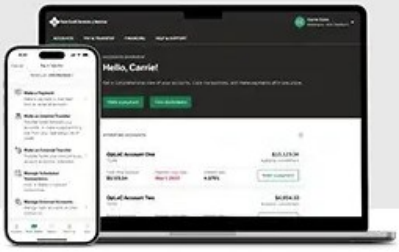
Farm Credit Services of America

COMING THIS SPRING:
A New Way to Manage Your Account



Get ready for My Account!

We're excited to introduce **My Account**, a major upgrade to your Farm Credit Services of America account experience. My Account is replacing the current AgriPoint® platform, bringing you a refreshed look, enhanced functionality, and a new mobile app—giving you greater convenience and control, anytime, anywhere.

What to Expect:

- Modern and enhanced look and feel
- New dashboard with seamless functionality
- Simplified one-time and recurring loan payments or transfers
- View/download/print transaction activity and statements
- Go paperless with digital statements
- New mobile app for on-the-go convenience
- Guest access for invited users

How to Prepare

To ensure a smooth transition, please **verify your account details**—including your mailing address, phone number and email. If you have **authorized guests**, notify them of the upcoming changes.

To verify or update your contact information in AgriPoint:

1. Log in to AgriPoint.
2. Select **Profile** in the upper-right corner.
3. Verify your contact information and update if needed.
4. Select **Save changes** at the bottom.

To review guests and guest access:

1. Log in to AgriPoint.
2. Select **Guests** in the upper-right corner.
3. To remove a guest, select the **trash icon**, then choose **Remove.**
4. To view guest access and permissions, select **Manage**. Make changes if needed, then select **Save.**

"Yielding Success Through Financial Management"

NFB Crop Insurance Notes— June/July 2025:

Wheat Losses: If you think there is a loss on your wheat, contact your agent, so a claim can be filed as timely as possible.

Wheat Harvest: Contact your agent as soon as harvest is complete to report bushels and ensure a claim can be filed, if needed.

Chopping Silage:
If you are looking to chop a crop for silage, contact your agent to get your crop appraised by an adjuster before you start chopping.

ECO Claim Payments for 2024:
Producers who chose ECO (Enhanced Coverage Option) for 2024, can expect to see payments made this month, if claim is applicable. USDA Yields were released on June 13, 2025. Claim Payments are being mailed to producers, or if signed up for ACH, have been deposited to your account. If you have questions, contact Brad.

Acreage Reporting Deadline:
July 15 — If you have your planted acres and plant dates ready, contact Brad to report acres.

Final Plant Dates & Late Planting Period:
Final Plant Date for Corn: May 25
Final Plant Date for Soybeans: June 5 / June 10 / June 15 (for some counties)

If you are not able to plant due to field conditions, please contact me as soon as possible. You may choose to also plant during the late planting period.

Late Planting Period for Corn: Until June 14
Late Planting Period for Soybeans: Until July 5 / Until July 10

If a Storm Hits– Hail or Wind Losses:
Be sure to contact your agent as soon as possible after a storm if your crop has incurred hail or wind damage—within 72 hours of discovery of loss. Adjusters will be notified to assess the damage on your farm.
