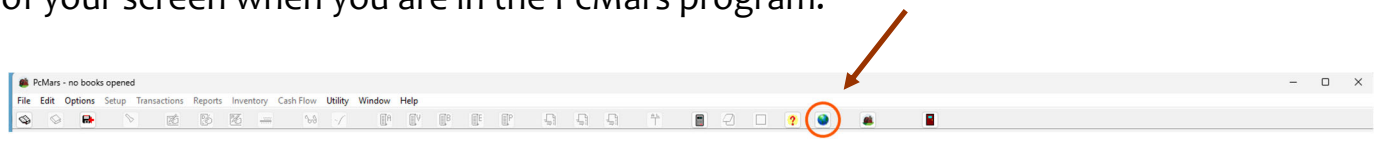
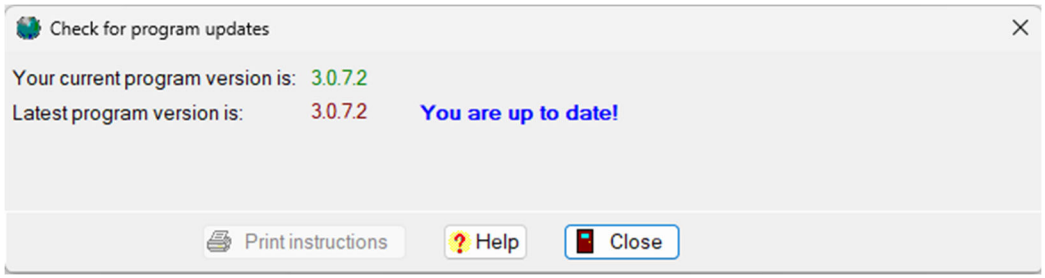
PcMars Update

If you are having problems viewing your 2026 books, there is an update in PcMars that is required. To check if you have the latest update, click on the globe icon towards the top of your screen when you are in the PcMars program.



A box will appear, and the version you should have is 3.0.7.2. If you do not have this version, it will tell you an update is available.



To update the program, you can go to pcmars.com and click on the green download PcMars box in the top right corner. Scroll down to the bottom right where there is a box that says download PcMars 3.0.7.2 (Update). Follow the instructions. Once done, click on the globe in PcMars program to make sure the update worked!

As always, if you have any questions or problems downloading this update, please let us know.

Karbon for Clients

As a reminder, you can submit (upload) your documents directly through Karbon for Clients. Uploading documents through the portal saves time and postage, ensures your consultant has immediate access, and reduces the risk of documents being misplaced.

For step-by-step instructions on how to navigate Karbon for Clients, please visit: https://karbonhq.com/help/clients/

July 31, 2026: Heavy Highway Use (Form 2290)

September 15, 2026: 3rd Quarter Estimated Tax Payment

January 15, 2027: 4th Quarter Estimated Tax Payment

Tax Return Reminders

When you receive your 2025 tax return packet:

- Read the letter that is included, this will give instructions on paying your taxes or receiving your refund.
- Sign your 8879 and return it to our office. We need this document to file your tax return.
- If you choose to sign the 8879 electronically a pdf copy of your return will be included with the DocuSign, please save it to your device so you can forward it to your lender as needed.
- January 2027 estimate vouchers will be included in your packet.
- Reminder, NFBI will no longer prepare tax returns for the March 1st deadline.
- Tax returns will be completed on a first-come, first-served basis.

As always, you can contact the office or your individual consultant with any questions you may have. Thank you for your patience during this filing season!

DocuSign Tips & Tricks

- When redirected to DocuSign from your email, follow the prompts given. There is a "start" button and a "finish" button you will need to select to ensure you complete the Signature process.
- If you have the DocuSign request going to one email for both spouses, you will receive one email for EACH signature needed. The DocuSign email request will come from someone in our office, most likely Brittny.
- You may need to answer security questions and enter your information to view your DocuSign documents.
- Don't forget to save your tax return to your device if needed.
- There is a DocuSign app. If you create an account on DocuSign and download the app, future documents to sign can be an easier process.

Changes to Our Billing

We recently updated the way we deliver invoices to our clients. For those who responded to the postcards we mailed requesting your billing delivery preference, thank you for your response, we appreciate it!

For those who did not respond, please note that your billing delivery method has automatically been updated to email.

If you have used our services (such as tax planning, 1099 or W-2 preparation, etc.) and have not received a bill by mail as you have in the past, please check your email inbox (and spam/junk folder) to ensure you haven't missed it.

If you have any questions about this change or would like to update your delivery preference, please don't hesitate to contact our office.

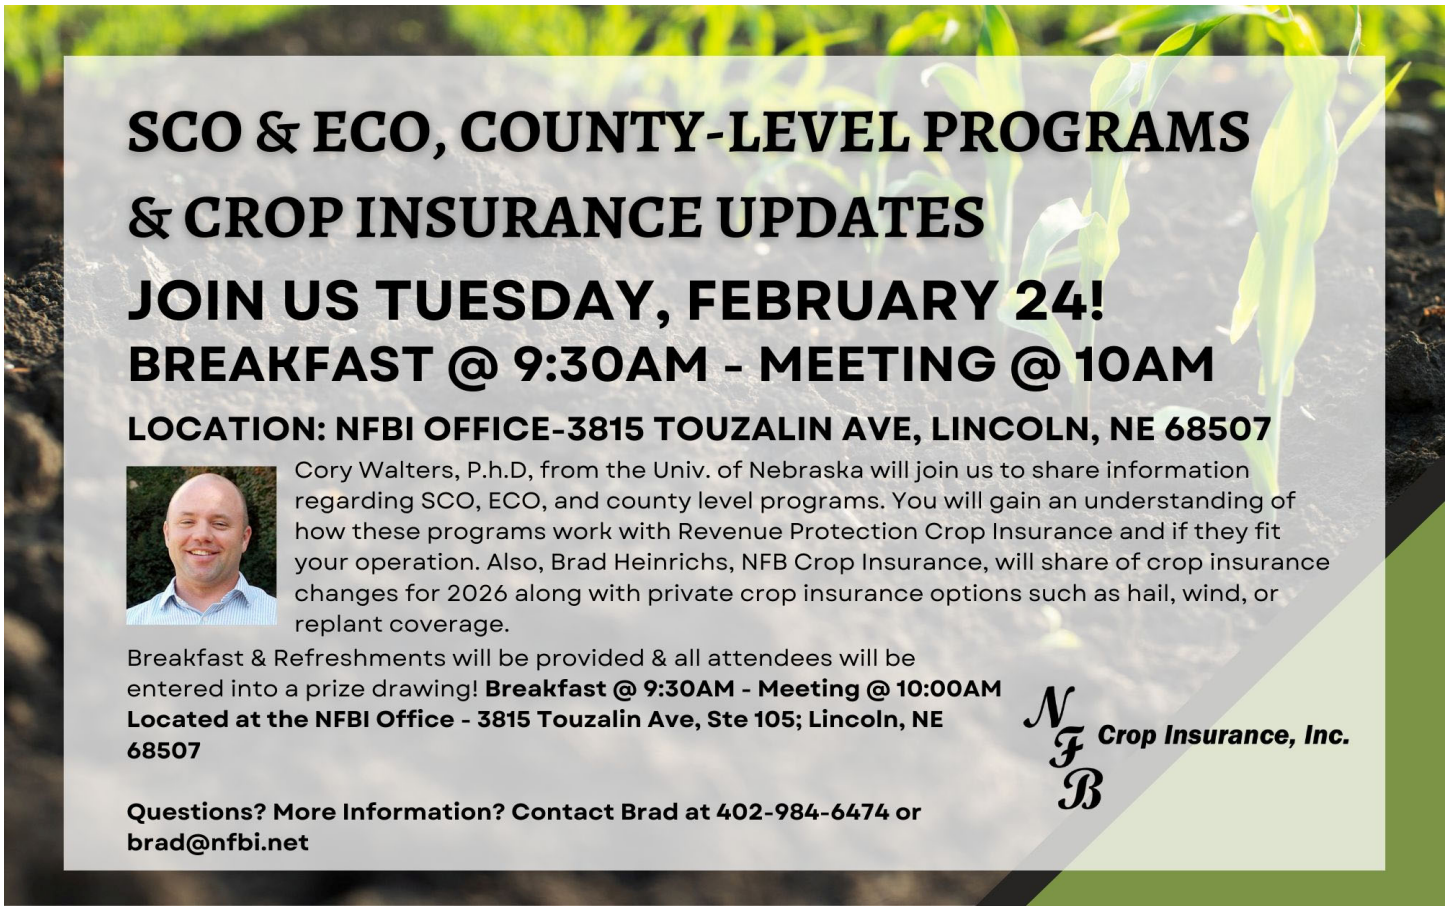
"Yielding Success Through Financial Management"

2025 Analysis

As commodity prices continue to fluctuate, it's more important than ever to know the financial health of your operation.

The analysis program may be right for you if you want to:

→ Understand your costs
→ Make sound financial decisions
→ Rise above the competition
→ Make a good farm better


If you are interested in getting started please contact your consultant to get the process rolling. It's never too late to get started! Farm Bureau members are now eligible for a 10% discount on the price of an analysis. If you're currently enrolled in the analysis program, the discount will be applied to your 2025 analysis.
